

Greenock Cricket Club Inc.

Our Vision

To provide the residents of Greenock and the 'Greater Greenock Basin' with the opportunity to play Junior or Senior cricket in the Barossa and Light Cricket Association regardless of age, ability or gender in a supportive, social, yet competitive context. To be respected by all, for our commitment to cricket and our conduct, both on and off the field.

Mission Statement

- We will constantly strive to be the most respected cricket club in the Barossa and Light Cricket Association. We will do this by developing cricket etiquette, skills and knowledge of the game in all our players, members, associates, sponsors and supporters. We acknowledge and celebrate the diverse background of players and non-players attracted to the club and support them with a safe playing and social environment regardless of age, ability, sex, religion or ethnicity.
- We acknowledge that promotion of junior programs is pivotal to our continued development and success at Greenock. We will constantly strive to attract and encourage as many junior players as we can. We will aim to provide an environment where parents will want to bring their children to the Club because of our excellent coaching program, family friendly atmosphere and sense of community created at the Club.
- The Greenock Cricket Club encourages strong ties to the community, it is a place for players to learn cricket; parents, caregivers and partners to socialise, and for all to have a Club they are proud of and one that contributes to the Greenock and wider community.
- The Greenock Cricket Club encourages reward for effort - those who put in the effort to train will be rewarded. Our decisions on selection must be based on our selection policies and the decisions made by those on our selections panel must be accepted. Selection must always put the needs of the team ahead of the individual and our players must always abide by our code of conduct.
- Our Senior and Junior coaches must be the best coaches we can access and we must seek to develop coaches from within as well as seek them from outside the Club. The Junior and Senior coaches must work together and be prepared to assist each other to get the best on-field result across all grades.

Greenock Cricket Club Inc.

- We must make the most of our limited resources, whilst also always seeking to upgrade them. Our clubrooms and training facilities must be maintained to a high level in order to allow our club to thrive both on and off the field. It is pride in our facilities and the Club that exists within them, that will drive our success.
- Our Club must maintain financial stability. Social functions must be appropriate in number and well planned. We must seek out as many sponsors as we can and do everything possible to support them. We must develop a culture where players support the Club that gives them so much enjoyment and be a place in which they are proud to invite family and friends. The Club must be run for the enjoyment of everyone - on and off the field.
- The Club must be run by many, not few, members of the Club – Everyone can contribute to the success of the club and assistance throughout the year is expected from all members.
